Concept of the exhibition: Representative sculptors of the only Eastern Latin culture, Ion Irimescu (1903-2005) and Ion Mândrescu (b. 1954) cover a century of Romanian art with their work. Preoccupied by major themes of human existence (life, motherhood, dance, song, man, time, space, inaction etc), the artists elaborate and imprint them in bronze, remaining closely linked to the mysterious codes of the Orient. A spectacular suggestive discourse supported by an art validated by the emotion of fulfilment that the understanding of the event of human existence gives to authentic creators, will delight the audience of the Liechtenstein NationalMuseum.

Accompanying publication: A book «ION IRIMESCU, MÂNDRESCU Secret and fulfillment in Romanian sculpture» will be published for the exhibition. This is available for CHF 29.00 in the Liechtenstein NationalMuseumShop and online shop.landesmuseum.li.
